

I believe in the goals of the Cape Cod Anti-Litter Coalition and

- I pledge to help keep Cape Cod beautiful by not littering.
- I pledge to place litter in the proper recycling or waste bin or in a litter bag that I take home with me to dispose of correctly.
- I pledge to help remove litter from where I live right away because I know that leaving it there will attract more litter.
- I pledge not to litter even when there's no trash or recycling bin handy.
- I pledge not to litter even if I'm not being watched.
- I pledge not to litter even if my litter is something really, really small.
- I pledge not to litter even if I think my litter isn't litter.
- And I pledge to encourage my family and friends to do the same!
